Nielen Schuman promotes Joost Moelker to Partner

We are excited to announce the promotion to Partner of Joost Moelker. Joost has been invited to join the Nielen Schuman partnership on the back of the great contribution he has made to our business and the strong commitment he shows to our colleagues, our clients and to the development of our firm. The promotion of Joost confirms Nielen Schuman's ambition to further build our business and fortify our strong market position in the Benelux.

Joost has a strong track record in advising a diversity of entrepreneurs, family businesses, corporate and private equity clients on their most important strategic and financial initiatives. He has been instrumental in many complex, multifaceted and international M&A transactions and is highly valued for his ability to provide top quality advisory services to the full breadth of our client base. His determination to deliver the best outcome for both our clients and our team aligns with Nielen Schuman's values and ambition and we look forward to continue working with Joost as Partner of our firm.

Building on 15 years of experience in Benelux M&A and equity capital markets advisory at Nielen Schuman and ING Corporate Finance, Joost has a wealth of experience in international M&A. Since he joined Nielen Schuman in 2019, he has advised a large number of clients on a variety of capital solution advisory trajectories. His transaction involvement includes advising on the sale of De Jong Packaging, the sale of Schenk Tanktransport, the acquisition of Symeres, and the sale of Yource amongst others.

Joost is based in Amsterdam and will continue his focus on our M&A activities in Business Services, Healthcare, and Industrial Manufacturing & Mobility.

Joost Moelker: *"I am grateful for the opportunity to complement the Partner team at Nielen Schuman. It has been a pleasure to be part of the strong development of Nielen Schuman over the past years and I am excited about further building our entrepreneurial firm."*

Moussa F'touh, Partner of Nielen Schuman: *"We congratulate Joost with his promotion and welcome him to our Partnership. It is a well-deserved recognition for the positive impact Joost has on both our clients and our firm. We are happy to have his energy, dedication and professional expertise on board."*

About Nielen Schuman

Nielen Schuman is a leading independent corporate finance advisory boutique in the Benelux. Established in 2002, our firm has extensive experience in providing corporate finance advisory and execution services to a broad range of medium to large sized business owners, corporations, institutions, management teams and investors. Our suite of services encompasses mergers & acquisitions, strategic advisory, capital raising, capital restructuring, and related advisory services. Nielen Schuman has offices in Amsterdam and Antwerp.
